Overview

Entegris’ new Ultrapak® 100 mm thin wafer shipper is designed for thin Si and compound semiconductor applications. This design is based on proven Ultrapak performance and materials, but engineered to provide additional support around the perimeter of the wafer in order to better protect thinned substrates. We’ve added an upper and lower cushion that is specifically engineered for thin wafer support. This cushion design helps prevent wafer cross-slotting, and improves radial support as well.

The 100 mm thin wafer shipper also incorporates secondary packaging designed for fragile thin wafers. This casing holds eight shippers at a time, protecting a total of 200 wafers. During a drop test using Entegris’ secondary packaging, no damage to thin wafers was observed in a 0.926 meter (38") drop. The Entegris thin wafer shipper has also passed a battery of other functional tests using thin wafers.

Features and Benefits

The Ultrapak wafer shipper is engineered and manufactured to provide the cleanest wafer edge while delivering maximum protection for wafers during transport.

- Constructed of Entegris’ custom polymers to deliver the industry’s highest performance
  - High-purity Wafershield™ polypropylene box provides a clean and safe shipping environment
  - Ultrapure polypropylene cassette and cushion insert minimize wafer edge contamination

Material Description

The Ultrapak box top, bottom, cassette and retain- er assembly are manufactured from high-purity Wafershield polypropylene material offering:

- Low inorganics
- Low particle generation
- Low outgassing
- SPI recycle code – 5

Dramatically enhanced performance for thin wafer products
Product Specifications

Box
- Length: 146 mm (5.75")
- Width: 162.6 mm (6.42")
- Height: 119.4 mm (4.7")

Cassette
- Length: 143.4 mm (5.65")
- Width: 125.7 mm (4.95")
- Height: 107.8 mm (4.26")
- Inside track width: 61.6 mm (2.43")
- D1: 14.5 mm (0.57")
- Pitch: 114.3 mm (4.5")

Packaging Specifications
- Case quantity: 36 assemblies
- Case weight: 16 kg (35 lb)
- Case size: 52 cm × 53 cm × 50 cm
  (21" × 21" × 20")
- Pallet quantity: 8 cases (288 assemblies)
- Container quantity (20 ft): 24 pallets
  (6,912 assemblies)
- Container quantity (40 ft): 52 pallets
  (14,976 assemblies)
