

H300 SINGLE WAFER SHIPPER/TRAY

For the safe transport of single 300 mm wafers

Overview

The H300 Single Wafer Shipper/Tray is designed to protect and transport 300 mm wafers during shipping or storage. These stackable products work together to surround the wafer using an edge contact design that minimizes wafer surface contact. The transparent materials allow for easy visual checks and labeling. Protecting wafers from damage is easy and cost effective with H300 single wafer shippers.

Applications

- Individual 300 mm wafer shipping and storage

Features and Benefits

- Maximum protection from contamination and damage
- 8 cushions hold wafers safely
- Compatible accessory clips are available for a secure seal
- Reusable with proper cleaning
