

COMPANY OVERVIEW

Entegris, Inc. (NASDAQ: ENTG) is a world-class supplier of advanced materials and process solutions for the semiconductor and other high-tech industries.

These solutions include:

- Filters that purify process gases, fluids, and the ambient fab environment
- Liquid systems that dispense, control, analyze, or transport process fluids
- Gas delivery systems that safely store and deliver toxic gases
- Advanced liquid, gaseous, and solid precursors for chemical vapor deposition (CVD) and atomic layer deposition (ALD) processes
- Advanced materials for wafer surface preparation and integration (SPI) and chemical mechanical planarization (CMP) cleaning applications
- Specialty chemicals include organometallic and organosilane materials used in semiconductor device manufacturing, monomers and polymers used in the manufacture of medical devices, and isotopically labeled materials used in clinical diagnostics
- Slurries for polishing ultra-hard surfaces including silicon carbide (SiC) and gallium nitride (GaN)
- Single-use assemblies for purity and reliability in storage, freezing, and shipment of biopharmaceutical products
- Specialty coatings that provide high-purity surfaces for wear-resistance, corrosion protection, and smoothness
- Premium graphite and silicon carbide for high-performance applications
- Shippers and trays for protecting and transporting medical device and disk drive components
- Wafer carriers and shippers that protect semiconductor wafers from contamination and breakage

LEADING THROUGH INNOVATION

For over 50 years, we have been committed to solving our customers' most demanding process challenges through a broad solutions portfolio, collaborative and innovative product development, and a focus on science and applications knowledge.

Our core competencies include:

- Materials science and analytics
- Microcontamination control
- Advanced materials
- Manufacturing excellence

These competencies, supported through a global network of manufacturing and technology centers, enable us to collaboratively provide our customers with the highest level of material and process purity, improving their process performance and yields.

INDUSTRY PARTNERSHIPS

We partner with industry leaders in the semiconductor and other high-tech industries to ensure that our customers can take full advantage of the latest advances in microcontamination control, critical materials handling, and advanced process materials.

In addition to strategic partnerships and membership in key industry groups, such as the International Technology Roadmap for Semiconductors (ITRS) and SEMI, Entegris is actively engaged in industry technology consortia.

Quick Facts

- Headquartered in Billerica, MA, with a global infrastructure of manufacturing, customer service, and/or research facilities in the United States, Canada, China, France, Germany, Israel, Japan, Malaysia, Singapore, South Korea, and Taiwan
- Fiscal 2019 sales of \$1.6 billion
- Holds 2,330 active patents
- ~ 5,300 employees worldwide
- Traded on NASDAQ under ENTG

Key Milestones and Acquisitions

- 1966 - Founded as Fluoroware, Inc.
- 2000 - Begins trading under the ENTG symbol on NASDAQ
- 2005 - Merges with Mykrolis Corporation, a leading provider of liquid filtration and gas purification technologies
- 2014 - Acquires ATMI, Inc., a leading provider of advanced materials
- 2016 - Celebrates 50 years in business
- 2017 - Partners with Spectrum Materials and Hubei Jingxing Manufacture specialty chemicals in China
- 2018 - Acquires PSS
Particle sizing instrumentation for liquid applications
Acquires SAES Pure Gas
High-capacity gas purification systems
Acquires Flex Concepts
Quick-turn custom configurations for bioprocessing
- 2019 - Acquires Digital Specialty Chemicals
Organometallics and other fine chemicals
Acquires MPD Chemicals
Organosilanes and other advanced chemicals
Acquires Hangzhou Anow Microfiltration
Filtration manufacturing in Asia
- 2020 - Acquires Sinmat
CMP slurries for SiC, GaN, C
Acquires GMTI and CRP
Advanced process monitoring for CMP chemistries

Executive Management

- [Bertrand Loy](#), President and CEO
- [Todd Edlund](#), Executive Vice President and COO
- [Gregory B. Graves](#), Executive Vice President and CFO
- [Joe Colella](#), Senior Vice President, General Counsel and Secretary
- [James A. O'Neill](#), Ph.D., Senior Vice President and CTO
- [Susan Rice](#), Senior Vice President of Human Resources
- [Corey Rucci](#), Senior Vice President, Business Development
