COMPANY OVERVIEW

Entegris, Inc. (NASDAQ: ENTG) is a world-class supplier of advanced materials and process solutions for the semiconductor, life sciences, and other high-tech industries.

These solutions include:

- Filters that purify process gases, fluids, and the ambient fab environment
- Liquid systems that dispense, control, analyze, or transport process fluids
- Gas delivery systems that safely store and deliver toxic gases
- Advanced liquid, gaseous, and solid precursors for chemical vapor deposition (CVD) and atomic layer deposition (ALD) processes
- Advanced materials for wafer surface preparation and integration (SPI) and other processes requiring high purity chemistries
- Specialty chemicals including organometallic and organosilane materials used in semiconductor device manufacturing, monomers and polymers used in the manufacture of medical devices, and isotopically labeled materials used in clinical diagnostics
- Polishing pads and pad conditioners for chemical mechanical planarization (CMP) applications
- Slurries for CMP applications and for polishing other substrates including ultra-hard surfaces like silicon carbide (SiC) and gallium nitride (GaN)
- Single-use assemblies for purity and reliability in storage, freezing, and shipment of biopharmaceutical products
- Specialty coatings that provide high-purity surfaces for wear-resistance, corrosion protection, and smoothness
- Premium graphite and silicon carbide for high-performance applications
- Shippers and trays for protecting and transporting medical device and disk drive components
- Microenvironments that protect semiconductor wafers and reticles from contamination and breakage
- Cleaning solutions for e-chucks, probe cards, and test contactors

LEADING THROUGH INNOVATION

For over 50 years, we have been committed to solving our customers’ most demanding process challenges through a broad solutions portfolio, collaborative and innovative product development, and a focus on science and applications knowledge.

Our core competencies include:

- Materials science and analytics
- Advanced materials
- Microcontamination control
- Manufacturing excellence

These competencies, supported through a global network of manufacturing and technology centers, enable us to collaboratively provide our customers with the highest level of material and process purity, improving their process performance and yields.

INDUSTRY PARTNERSHIPS

We partner with industry leaders in the semiconductor and other high-tech industries to ensure that our customers can take full advantage of the latest advances in microcontamination control, critical materials handling, and advanced process materials.

In addition to strategic partnerships and membership in key industry groups, such as the International Technology Roadmap for Semiconductors (ITRS) and SEMI, Entegris is actively engaged in industry technology consortia.

Quick Facts

- Headquartered in Billerica, MA, with a global infrastructure of manufacturing, customer service, and/or research facilities in the United States, Canada, China, France, Germany, Israel, Italy, Japan, Malaysia, Singapore, South Korea, Taiwan, and the United Kingdom
- $3.9B 2022 pro forma revenue
- Holds ~4,400 active patents
- ~9,400 employees worldwide
- Traded on NASDAQ under ENTG

Key Milestones and Acquisitions

1966  Founded as Fluoroware, Inc.
2000  Begins trading under the ENTG symbol on NASDAQ
2005  Merges with Mykrolis Corporation, a leading provider of liquid filtration and gas purification technologies
2014  Acquires ATMI, Inc., a leading provider of advanced materials
2016  Celebrates 50 years in business
2017  Partners with Spectrum Materials and Hubei Jingxing
2018  Manufacture specialty chemicals in China
2019  Acquires PSS
2020  Acquires Simmat
2021  Acquires GMTI and CRP
2022  Acquires BASF’s Precision Microchemicals business
2022  Acquires CMC Materials

Executive Management

Bertrand Loy, President and CEO
Michael Besnard, SVP and CCO
Olivier Blachier, SVP, Business Development
Joe Colella, SVP, General Counsel, Chief Compliance Officer, and Secretary
Clint Harris, SVP and President, MC
Linda LaGorga, SVP and CFO
James A. O’Neill, Ph.D., SVP and CTO
Susan Rice, SVP, Global Human Resources
Neil Richardson, SVP, Global Operations, Supply Chain, and Quality
Bill Shaner, SVP and President, AMH
Stuart Tison, SVP and President, SCEM
Dann Woodland, Ph.D., SVP and President, APS
