

COMPANY OVERVIEW

Entegris, Inc. (NASDAQ: ENTG) is a leading global provider of yield-enhancing materials and solutions for advanced manufacturing processes in the semiconductor and other high-technology industries.

These solutions include:

- Filtration products that purify process gases, fluids, and the ambient fab environment
- Liquid systems and components that dispense, control, analyze or transport process fluids
- Gas delivery systems that safely store and deliver toxic gases
- Specialty chemistries for deposition and cleaning at advanced nodes
- Single-use assemblies for purity and reliability
- Filtration products that purify process gases, fluids, and the ambient fab environment
- Specialty coatings that provide high-purity surfaces for wear-resistance, corrosion protection, and smoothness
- Premium graphite and silicon carbide for high-performance applications
- Shippers and trays for protecting and transporting disk drive components
- Wafer carriers and shippers that protect semiconductor wafers from contamination and breakage

LEADING THROUGH INNOVATION

For over 50 years, Entegris has been committed to solving its customers' most demanding process challenges through a broad solutions portfolio, collaborative and innovative product development, and a focus on science and applications knowledge.

Entegris core competencies include:

- Materials Science and Analytics
- Microcontamination Control
- Advanced Materials
- Manufacturing Excellence

These competencies, supported through the company's worldwide manufacturing and technical support capabilities, enable Entegris to provide its customers with the highest level of material and process purity, improving their yields and decreasing costs.

INDUSTRY PARTNERSHIPS

Entegris partners with industry leaders in the semiconductor and other high-tech industries to ensure that its customers can take full advantage of the latest advances in microcontamination control, critical materials handling, and advanced process materials. Entegris also has unique research and development relationships with manufacturers around the world.

In addition to strategic partnerships and membership in key industry groups, such as the International Technology Roadmap for Semiconductors (ITRS) and SEMI, Entegris is actively engaged in industry technology consortia including imec, G450C and Sematech.

Quick Facts

- Headquartered in Billerica, MA, with a global infrastructure of manufacturing, service centers, and research facilities in the United States, Malaysia, Singapore, Taiwan, China, South Korea, Japan, Israel, Germany, and France
- Fiscal 2016 sales of \$1.2 billion
- Holds 639 U.S. patents and 1,364 patents in other countries
- Approximately 3,500 employees worldwide
- Traded on NASDAQ under ENTG

Milestones

- 1966 – Founded as Fluoroware, Inc.
- 2000 – Begins trading under the ENTG symbol on NASDAQ
- 2005 – Merges with Mykrolis Corporation, a leading provider of liquid filtration and gas purification technologies
- 2006 – Expands manufacturing facility in Kulim, Malaysia
- 2008 – Acquires Poco Graphite, an industry leader in high-performance graphite and silicon carbide
- 2009 – Acquires PureLine Co., a fluid handling component manufacturer in Kangwon-do, South Korea
- 2011 – Opens manufacturing facility in Hsinchu, Taiwan
- 2012 – Acquires Entegris Precision Technology, an HDPE drum blowmolding facility in Yangmei, Taiwan
- 2013 – Acquires Jetalon Solutions, maker of precision chemical sensors and analyzers
- 2014 – Acquires ATMI, Inc., a leading provider of advanced materials
Opens i2M Center, R&D and manufacturing for filtration membranes and specialty coatings, in Bedford, MA
- 2016 – Celebrates 50 years in business
- 2017 – Acquires W. L. Gore & Associates microelectronics filtration product line

Executive Management

- Bertrand Loy, President and CEO
- Todd Edlund, Executive Vice President and COO
- Gregory B. Graves, Executive Vice President and CFO
- Sue Lee, Senior Vice President and General Counsel; Corporate Secretary
- Greg Marshall, Senior Vice President, EHS, Quality, and Business Support
- Susan Rice, Senior Vice President of Human Resources
- Corey Rucci, Vice President, Business Development
