

Quality Policy

Entegris supports our customers' needs for rapid innovation through close collaboration and the delivery of high-quality products, services, and technologies.

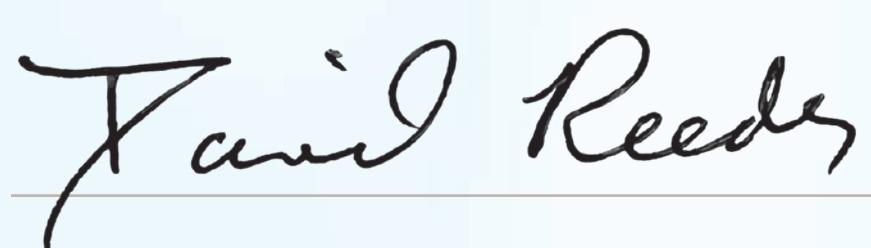

We continuously drive to:

PARTNER with our suppliers to source materials and services that meet the highest quality standards available on the market.

EMPOWER our teams and promote a culture where quality and a zero-defect mindset are integral parts of daily operations, decision-making, and performance measurement.

ACHIEVE and exceed the requirements and expectations of customers and all relevant stakeholders.

KEEP IMPROVING the quality of our products, processes, and quality management systems to deliver a reliable and improved customer experience.

David Reeder
Chief Executive Officer and President
