

Entegris Receives 2020 Supplier Excellence Award from Texas Instruments

BILLERICA, Mass, April 8, 2021— Entegris, Inc. (Nasdaq: ENTG) announced today that it has received the Texas Instruments (TI) 2020 Supplier Excellence Award. The annual award, which is TI's highest level of supplier recognition, honors companies whose dedication and commitment in supplying products and services meet TI's high standards for excellence. TI announced the 2020 Supplier Excellence Award winners on April 7, 2021.

Selected from TI's list of global suppliers, Entegris is among an elite group of 26 award recipients recognized for their commitment to exceeding TI's performance standards. Entegris' Specialty Chemicals and Engineered Materials Division (SCEM) received the award for exceptional responsiveness in providing the advanced chemistries necessary to support TI's production of existing products as well as new product introductions.

According to Rob Simpson, vice president of Worldwide Procurement & Logistics at TI, "In a year filled with unprecedented challenges, Entegris demonstrated its commitment to the highest level of ethical behavior as well as exceptional performance in cost, environmental and social responsibility, technology, responsiveness, assurance of supply, and quality. While we do business with more than 12,000 global suppliers, there are a select few that we recognize as the very best, and Entegris is one of them."

"We are truly honored to receive this prestigious recognition from Texas Instruments, which is a longstanding innovator in our industry," said Bertrand Loy, president and chief executive officer of Entegris. "Entegris' commitment to excellence makes it possible for us to be a trusted partner to TI -- a pioneer in the global electronics industry and a provider of a vast array of highly reliable and affordable electronics to users around the world," said Loy.
