

H20-04B

One-Piece Clip

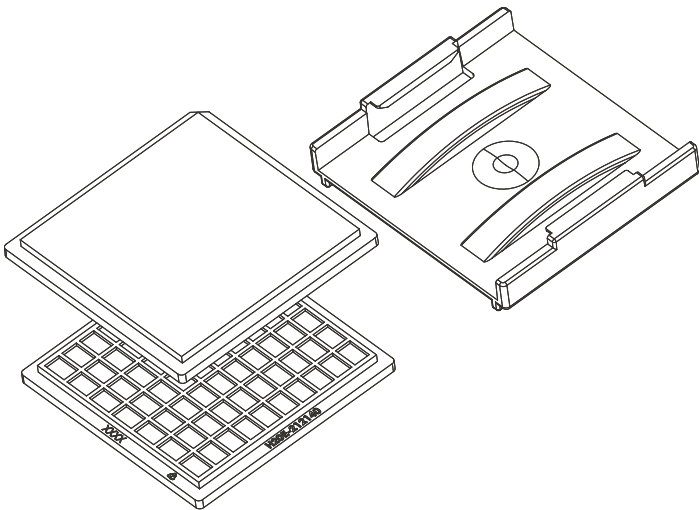

For secure closure of H20 Series 2" square bare-die trays during handling, shipping, and storage

The H20-04B is a one-piece clip accessory designed for H20 Series 2" square bare die trays, used to maintain secure contact between a tray and its cover during handling and transport.

H20 Series accessories are intended to make shipping and handling of valuable known good die (KGD), chip scale packages (CSP), and wafer scale packages (WSP) easier and more reliable.

APPLICATIONS

- H20 Series 2" square tray systems requiring reliable retention compatible with handling workflows

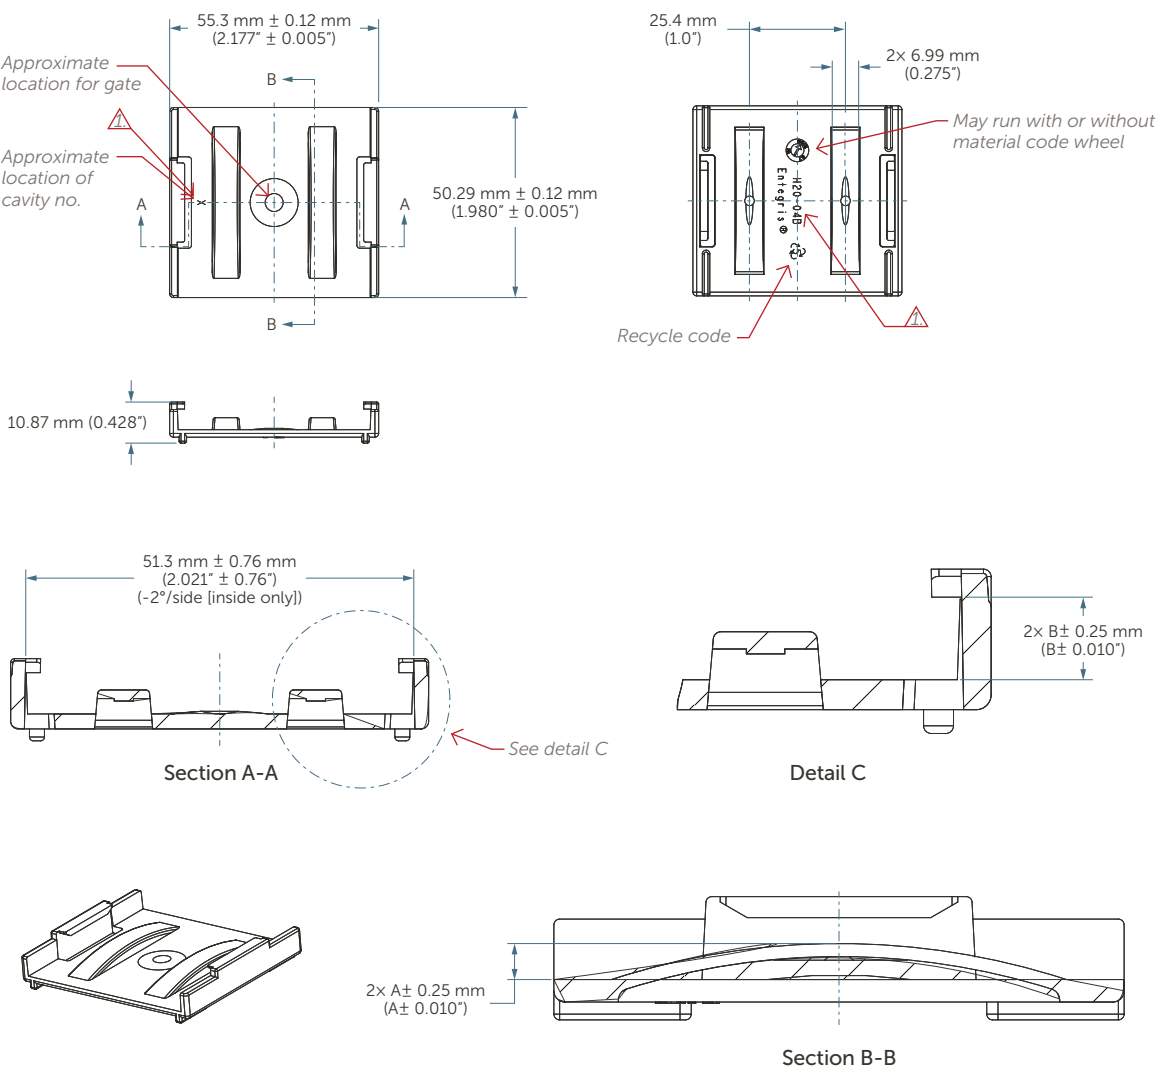

FEATURES & BENEFITS

One-piece clip	Maintains secure contact between a tray and its cover during handling and transport
Material options	Multiple material options available (including STAT-PRO® variants and natural polypropylene options) to match contamination control and ESD-handling needs
Reliable protection	Supports the broader H20 tray platform goal of reliable operation and superior device protection while minimizing shipping/storage cost impacts through standardized accessories
Compatible with automation	Superior mechanical properties and low contamination performance are cited for available material options, supporting reliability in advanced handling environments

SPECIFICATIONS

Configuration	Sold in pairs
Overall size	55 mm x 50 mm x 11 mm (2.2" x 2.0" x 0.4")
Minimum order quantity	50

DIMENSIONS
